

# OĞUZHAN SÜLÜ

Chemical Engineer

+905052184595

ogzyess@gmail.com

Ankara, Turkey

## PROFILE

I am an enthusiastic and curious person who combines his skills with knowledge. I have strong analytical and problem-solving skills. I encourage myself to self-learning, when I face new challenges I try to overcome it by fundamental logic.

## EDUCATION

### MIDDLE EAST TECHNICAL UNIVERSITY

Chemical Engineering | 2017 - Present

#### Projects

- I did an analysis and a presentation on The Great Boston Molasses Disaster in my freshman year
- Worked as a group for a fluid transportation design project
- Designed a detailed heat exchanger and worked on optimizing it in my 3rd year

#### MEMBER

American Institute of Chemical Engineers | Feb 2019 - Present

- Involved in technical visit team in order to observe companies related to chemical engineering, got insight information and general look about following companies;
- Ciner Group Kazan Soda Elektrik, Ardiç Cam Sanayi, Votorantim Cimentos.
- Organized and managed social activities to strengthen my social network.

I was active at UCTEA Chamber Of Chemical Engineers Ankara | Feb 2019 - 2020

## INTERNSHIP

Engineering Intern at Baştürk Cam Sanayi ve Ticaret A.Ş. | Feb - March 2021

- In the production department, I mainly stayed in the furnace section and learned the details of glass production processes from the raw materials.
- Also observed other sections such as; automatic error detection, laboratory and quality control.

## Personal Strengths

Analytical Thinking  
Problem solving  
Self-improvement  
Self-confidence  
Leadership

## Computer Skills

MS Word (Advanced)  
MS Excel (Advanced)  
MS Powerpoint (Advanced)  
Matlab (Advanced)  
Siemens NX (Intermediate)  
C++ (Intermediate)  
Aspen Plus (Intermediate)  
Python (Beginner)

## Language Skills

Turkish (Mother tongue)  
English (Advanced)  
German (Beginner)

## Interests

Boxing  
E-sports  
Tennis  
Networking
